Sample Two-Year Plan for Transfer Students

### B.A. Degree in Urban Studies

#### FALL
- E8, P9 or elective (4 units)
- PP&D 4 or SE10 (4 units)
- Upper-Division US (4 units)

#### WINTER
- C7, E8, P9 or elective (4 units)
- Upper-Division US (4 units)
- Econ 20A or elective (4 units)

#### SPRING
- C7, E8, P9 or elective (4 units)
- Upper-Division US (4 units)
- Upper-Division Cluster (4 units)
- Econ 20A or elective (4 units)

Total = 182 units. All B.A. requirements completed.

When developing an academic plan, it is helpful to keep the following in mind:

- Check ASSIST (see http://www.assist.org) to see what you’ve already satisfied at your community college.
- Most school requirements (Crm/Law C7, PsyBeh 9 or 11ABC, SocEcol E8 or PP&D 4, SocEcol 10, 194W and 195) are offered every quarter.
- Upper-division courses are typically offered once per year. Check the Department of Planning, Policy and Design’s tentative course plan to plan your schedule accordingly.
- It is a good idea to take cluster classes early in your academic career.
- SocEcol 195 Field Study requires advance planning. Make sure you understand the process at least two quarters prior to the quarter you plan on taking SocEcol 195.
- Category I (upper-division writing) of UCI’s General Education Requirements is met by earning a grade of ‘C’ or higher in SE194W.
- Electives courses may be used to fulfill unit requirements to graduate and may be used to fulfill requirements for a second major, minor, research, study abroad, or UCDC/UC Sacramento.
- Per Academic Senate guidelines, 1 unit is equivalent to three hours of student workload/week. For a 4-unit class, you should expect to spend 12 hours per week engaged in the class to do well. This includes attending lectures and discussions, studying, reviewing notes, and completing papers and/or projects.

This plan assumes the following:

- 90 quarter units were transferred into UCI with full IGETC.
- American History and American Institutions requirements were met upon admission to UCI.
- SocEcol 13 was satisfied by a transferable class in statistics. Check ASSIST.

This sample plan is simply a suggestion for how to plan your courses. Of course, your schedule will vary based on course availability and your curricular needs. AP or IB credit earned in high school or completed community college coursework may affect the plan above.
