Psychology BA | Two-year plan | **Transfer students**

Social Ecology Undergraduate Affairs | 2026–2027

This sample plan is simply a suggestion for how you can plan your courses. Your schedule will vary based on course availability and your curricular needs. AP or IB credit earned in high school or completed community college coursework will affect your plan. You do not need to take courses in the exact quarters shown. You will move courses based on when they are offered, your schedule, completed coursework, and academic goals.

This sample plan assumes the following:
105 quarter units (70 semester units) were transferred to UCI with a full UC IGETC/CalGETC.
American History and Institutions requirements were met upon admission to UCI.

**These courses may have been satisfied with courses taken at the community college. If so, substitute electives.*
