

# A HOW TO GUIDE FOR: ASSIST.ORG

ASSIST.ORG is the official transfer and articulation system for California's public colleges and universities. ASSIST lists courses that are equivalent to general education (GE), school, and major requirements.

## Academic Year

If you are looking for classes to fulfill lower division school or major requirements, you can use the most up-to-date academic year. If you are looking for classes to fulfill GE requirements, use the 2016-2017 academic year.

### STEP 01

### STEP 02

## Institution

Choose the correct California community college.

## Agreements with Other Institutions

This is where you will choose UCI! The sections for Institution and Agreements with Other Institutions are interchangeable, but it may be easier to remember by always putting the community college first and UCI second.

### STEP 03

### STEP 04

## View Agreements By

Once you hit view agreements, you will be able to view the transferrable courses either by major or by GE's (if using the 2016-2017 academic year).

**2016-2017**  
to **University of California, Irvine**  
from Irvine Valley College

**View Agreement by:**

Major

Department

General Education / Breadth Agree...

Prefix

## Reading the Agreement

Once you have opened the agreement you'd like to view, you will be able to see the UCI courses on the left, and the transferrable CC courses on the right! Please note that if CC classes are listed with an "AND" you must complete all the courses listed.

### STEP 05
